localTWO PANEL DISCUSSIONS  
TUESDAY FOR STUDENT  
RECRUITMENT SEMINAR

MISSOULA--

Panel discussions dealing with careers in pharmacy and health science will highlight the morning sessions Tuesday (April 10) of the "Indian Student Health Science Orientation and Development Seminar," scheduled through Wednesday at the University of Montana.

The seminar is sponsored by the UM School of Pharmacy and Indian Studies Program under a \$15,056 grant from the U.S. Department of Health, Education and Welfare. The seminar is designed as the first phase of a minority student recruitment program, which eventually will include recruiting students on Indian reservations for pharmacy and health science careers.

The two panel discussions will follow 8:30 a.m. registration and the 9 a.m. orientation and conference overview in the seminar meeting place, the University Center Montana Rooms.

The first panel, entitled "Career Opportunities in Pharmacy," will begin at 9:30 a.m. Tuesday and will feature John Flemming, Billings, U.S. Public Health Service; Joe Lesar, registered pharmacist at St. Patrick Hospital, Missoula; Jim Schultz, registered pharmacist at the Drummond Pharmacy, and Air Force Capt. Jim Webb, Bozeman, representing the medical service corps.

The second panel, "Career Opportunities in Health-Science," starts at 10:45 a.m. Tuesday and will feature Dr. Evan P. Jordan, professor of speech pathology and audiology at UM; Dr. Richard N. Ushijima, associate professor of microbiology at UM; Dr. Mitsuru J. Nakamura, chairman of the UM Department of Microbiology; Vincent Wilson, professor of health, physical education and recreation at UM, and A. V. Crandall, administrator at St. Patrick Hospital, Missoula.

Dr. Raymond J. Bennett, professor of pharmacy administration at UM, will be moderator for both panels.

Afternoon sessions Tuesday will include discussions of such topics as availability of financial aid at UM and curriculum requirements.

Student recruitment models will be discussed on Wednesday.
